Congress of the United States
Washington, DC 20515

July 31, 2015

The Honorable Gina McCarthy
Administrator
Environmental Protection Agency
1200 Pennsylvania Avenue NW
Washington, D.C. 20460

The Honorable Dr. Ernest Moniz
Secretary
U.S. Department of Energy
1000 Independence Avenue SW
Washington, D.C. 20585

The Honorable Tom Vilsack
Secretary
U.S. Department of Agriculture
1400 Independence Avenue SW
Washington, D.C. 20250

Dear Administrator McCarthy, Secretary Moniz, and Secretary Vilsack:

We write to support biomass energy as a sustainable, responsible, renewable, and economically significant energy source. Federal policies across all departments and agencies must remove any uncertainties and contradictions through a clear, unambiguous message that forest bioenergy is part of the nation's energy future.

Many states are relying on renewable biomass to meet their energy goals, and we support renewable biomass to create jobs and economic growth while meeting our nation's energy needs. A comprehensive science, technical, and legal administrative record supports a clear and simple policy establishing the benefits of energy from forest biomass. Federal policies that add unnecessary costs and complexity will discourage rather than encourage investment in working forests, harvesting operations, bioenergy, wood products, and paper manufacturing. Unclear or contradictory signals from federal agencies could discourage biomass utilization as an energy solution.

The carbon neutrality of forest biomass has been recognized repeatedly by numerous studies, agencies, institutions, legislation, and rules around the world, and there has been no dispute about the carbon neutrality of biomass derived from residuals of forest products manufacturing and agriculture. Our constituents employed in the biomass supply chain deserve a federal policy that recognizes the clear benefits of forest bioenergy. We urge you to ensure that federal policies are consistent and reflect the carbon neutrality of these types of bioenergy.

Sincerely,

Reid J. Ribble
