

CHAMBER OF COMMERCE
OF THE
UNITED STATES OF AMERICA

R. BRUCE JOSTEN
EXECUTIVE VICE PRESIDENT
GOVERNMENT AFFAIRS

1615 H STREET, N.W.
WASHINGTON, D.C. 20062-2000
202/463-5310

October 22, 2015

TO THE MEMBERS OF THE U.S. HOUSE OF REPRESENTATIVES:

The U.S. Chamber of Commerce, the world's largest business federation representing the interests of more than three million businesses of all sizes, sectors, and regions, as well as state and local chambers and industry associations, and dedicated to promoting, protecting, and defending America's free enterprise system, supports several key provisions in H.R. 3762, the "Restoring Americans' Healthcare Freedom Reconciliation Act of 2015."

Key provisions in H.R. 3762 would repeal many of the most harmful sections of the Affordable Care Act (ACA). Indeed, repealing the employer mandate, the 40% excise tax on so-called "high-cost" employer sponsored health plans, the medical device tax, and auto-enrollment requirements would help control increasing health care costs and protect the employer-sponsored health care system.

Due to the tremendous harm that these particular ACA provisions are causing employers and employees alike, the Chamber urges you to support H.R. 3762 and repeal the provisions in the ACA that are undermining the employer-sponsored health care system that over 160 million Americans rely on for their health care benefits.

Sincerely,

R. Bruce Josten
